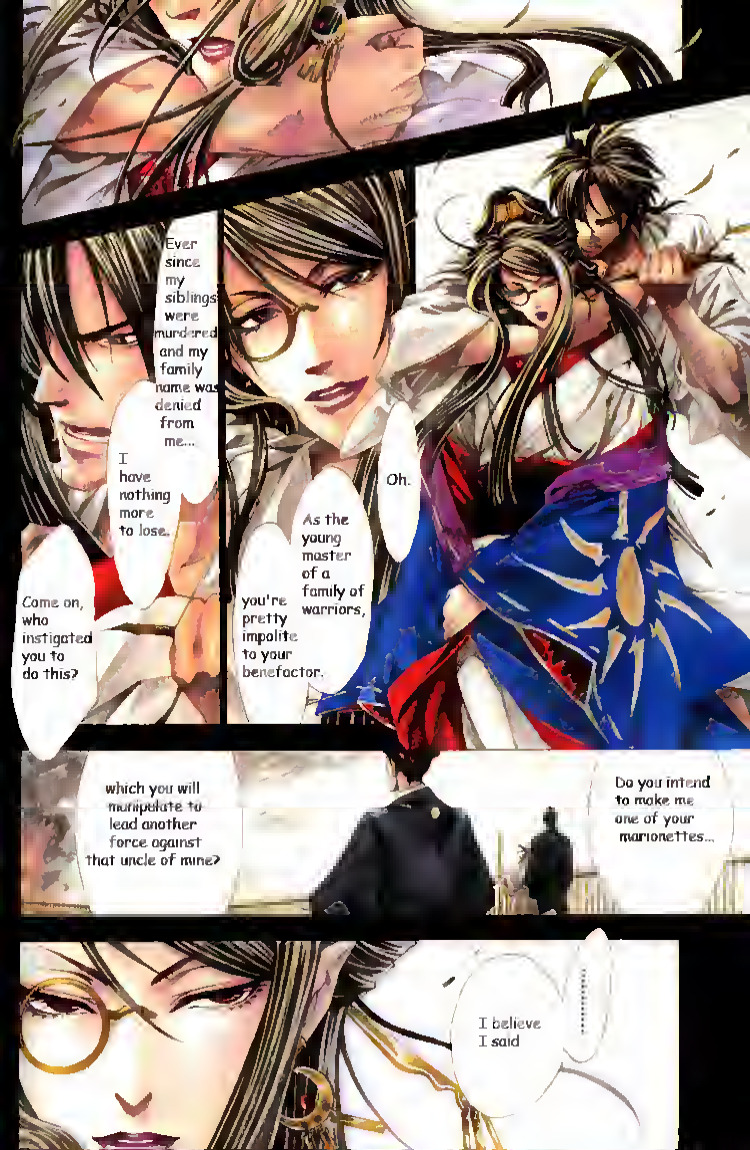
Oh, look how it burns...
No one will realize that body burning there is just a substitute doll
With that, you are in name and reality a dead man
Now, did you say your name was Suou?
This may sound sudden but I'd like you to start returning the favour.
I'm so hungry I could eat a horse.
Hey.



Ever since my siblings were murdered and my family name was denied from me...
I have nothing more to lose.
Come on, who instigated you to do this?
As the young master of a family of warriors,
you're pretty impolite to your benefactor.
Oh.
which you will manipulate to lead another force against that uncle of mine?
Do you intend to make me one of your marionettes...

Mmm...
just as I thought, it was quite good.

Dear me... you were the one who said it first
You damned demon...
The Kagomori residing in you requires a healthy body and a tenacious mind and most importantly for its vessel to carry a darkness in his heart
but I've found a really fine vessel if I must say so myself
I always encounter some kind of difficulty when it comes to choosing a Kagomori
Just like this...
I will make your life very entertaining, count on that.
Now that you have become my Kagomori
I began a long long coexistence with a demon
